

Coding resources for newbies/intermediates:

I. Pages with coding lessons:

- <https://www.freecodecamp.org/>
- <https://www.w3schools.com/>
- <https://www.codecademy.com/>
- <https://www.learnpython.org/>
- <https://www.learn-js.org/>

II. Practice coding/exercise pages:

- <https://coderbyte.com/>
- <https://exercism.io/>
- <https://codingbat.com/>

III. Video Tutorials, some free, some often with good discounts:

- <https://academy.zenva.com/>
- <https://javascript30.com/>
- <https://www.udemy.com/>
- <https://www.pluralsight.com/>
- <https://www.leveluptutorials.com/tutorials>

IV. Helsinki weekly learning / peer 2 peer clubs:

<https://www.facebook.com/groups/free.code.camp.helsinki/>

<https://www.facebook.com/events/328978091050152/> (club for girls)

<https://www.facebook.com/events/275686103122964/permalink/309772083047699/>

(temporarily hosted every Thursday instead of Tuesdays, can be chosen between learning Javascript or React)
